ACT ONE

FADE IN:

EXT. PRISON PLANET

It floats in unknown space.

FEMUR (VO)
Aw, c-c'mon, doll...why are you doing this? After all weÕve been through.

INT. PRISON PLANET - CELL BLOCK

FEMUR (VO)
If you want to shoot someone, shoot Sternum!-

ON JADE, STERNUM AND FEMUR

picking up where we left them, with Jade about to blow Femur away. He throws himself at her feet, blubbering pathetically.

FEMUR
I'm too good-lookin' to die! I wanna liiiiiive!
(blubbering sobs)

Jade looks over at Sternum, who is disgusted.

JADE
Look at the grovelling worm, Sternum. Is he really worth killing?

Sternum looks down. Femur gives him the most ingratiating smile he can muster. Jades weapon hums as she readies it at Femurs head.

FEMUR
She's right. I'm not worth it. Don't waste another thought on me. Pretend I'm not even here.

Sternum reaches over, takes the gun from Jade, scowls down at Femur, then holsters the weapon.

STERNUM
What a pathetic display. All those years, I dreamt of vengeance. And now --

He glares at Femur again and Femur grovels behind Jade.

STERNUM
-- I realize he is not even worthy of my revenge. The past is dead. And, right now, I have more important things to do.

He throws down the gun, turns on his heel and leaves. Femur looks up at Jade.

FEMUR
That was clever, doll, getting me to grovel like that so he'd change his mind. How'd ya think of that?

JADE
I didn't.

She strides off.

FEMUR
Henh, henh. You're jokin', right? (beat) RIGHT?!! Hey, wait up!

He runs after her.

INT. PLANET ICE - LAB

TEKLA works over the mangled remains of VOXX, while PYRUS assists her. A couple of ICE TECHNOS also assist Tekla by handing her parts or tools as she works. ZERA is in the BG.

PYRUS
What a mess. That power surge from Mantel really fried it. How can we take back control of our defenses from Mantel without Voxx?

TEKLA
(wearily)
We can't.

ZERA
Who cares about Mantel or the stupid defenses, what are we doing to find my father?

A MONITOR comes to life, showing the face of LORD MANTEL.

LORD MANTEL
(Interrupting)
As IÕve said before, your father and the others are gone- deal with it. Now, come to my throne room.

PYRUS
Hey, just who do you think youÕre ordering around, you big--

TEKLA
We are on our way, Rock Lord.

Tekla quickly gestures Pyrus to break off and takes over.

The monitor goes black. Pyrus walks OS.

ZERA
He is infuriating.

PYRUS
He keeps treating us like weÕre his servants.

TEKLA
For the moment, Mantel is in control, but when the time is right...

INT. JEWELIA'S CAMP

JEWELIA lies on a camp bed, with GRAVEHEART tending to her injuries. As he binds her up she watches a holographic replay of the previous episodes battle:

JEWELIA
Look at them, willing to die for me. (beat) It warms a girlÕs heart.

Jewelia turns and gives Graveheart a sexy smile. She puts her hand on his.

JEWELIA (contÕd)

You've got a soft touch for someone so strong.

GRAVEHEART
Nothing wrong with that.

She tries to sit up, he tries to stop her.

JEWELIA
That's good enough. We must get ready to strike again.

GRAVEHEART
Take it easy. You're not well.

She pushes his hands away and sits up.

JEWELIA
Nothing matters but winning. Winning and power.

GRAVEHEART
The only power I want is control of the teleport engines. IÕve got to get back to the Alliance before itÕs too late.

JEWELIA
(covering her slip)
Exactly what I meant, of course--

Suddenly, she looks dizzy and falls back onto the bed, with her eyes closed. He puts a soothing hand on her.

JEWELIA (contÕd)
-- (soft moan)

GRAVEHEART
Look, why donÕt you rest? I'll go see if Cryos has come up with a new strategy.

He heads out. Behind him, out of his sight, JeweliaÕs eyes pop open. Her look is calculating.

EXT. PRISON PLANET

The door in the machine-like wall slides open. Sternum, Jade and Femur step into the light of the courtyard and REACT with shock.

FEMUR
Lookit that. What a mess.

THEIR POV of the remains of the carnage: piles of rubble, scorched areas still smoking. Sternum is distressed by what has occurred.

STERNUM (VO)
Look what she has done to my men!

Follow Sternum, Jade and Femur as they walk past some of the destruction.

JADE
This is Jewelia's work?

STERNUM
Who else? Her lust for power destroys all in her way.

Femur looks up at the sky.

FEMUR
Not to interrupt a terrific dramatic moment of hatred an' all...but where the heck are we?

STERNUM
Wherever I wish us to be. I control the teleport engines. Jewelia finds that intolerable.

FEMUR
So thatÕs why there's been no rescue ships cominÕ after my precious self.

JADE
Take us back. Now.

Sternum looks at Jade, almost as if sizing her up.

STERNUM
I cannot, we came across you the first time by chance.

JADE
(angry)
If you lie--

He moves closer to her. We should sense their mutual attraction.

STERNUM
Never, to you. Stand with me, Jade.

Femur shakes his head in disbelief.

JADE
My duty is to return to the Alliance... once IÕve avenged Graveheart and Cryos.

STERNUM
Something only I can help you do.

JADE
Then, for now, I will fight at your side.

FEMUR
Ya mean we gotta live in this revoltinÕ place?

STERNUM

Jewelia won't stop at this. We must prepare for her next move.

They head for the walls. Femur waddles after them, but he's looking around, instead of at the ground in front of him, so he doesn't see the deep hole he's about to waddle into.

FEMUR
Well, don't ask my opinion or nothin'. I say let's find a nice safe hole and crawl into it before -- GYAAAAHHHH!

He falls into the hole and vanishes from sight. HOLD ON THE EMPTY SPACE ABOVE THE HOLE FOR A BEAT:

FEMUR (OS)
Hey, somebody get me outta this hole!

EXT. PLANET ROCK AND BATTLE-MOONS

TeklaÕs BLADE WING heads for the surface.

Tekla is looking down and distressed Zera is concerned for her.

ZERA
If you are worried about Voxx, donÕt be. The Technicians on Ice are the best.

TEKLA
I have no doubt that Voxx is in good hands.

ZERA
Then, what is the matter?

TEKLA
I am a fool. I led us to this.

ZERA
It's not your fault. We all trusted Jade. In betraying you, she betrayed us all.

TEKLA
Still, it is not the first occasion my judgment has proven faulty. This time, the consequences were disastrous.

The ship touches down on Planet Rock.

Pyrus walks up to the girls. He is wearing a force-field belt.

PYRUS
DonÕt sweat it, weÕre all feeling pretty burned right now.

He hands force-field belts to Tekla and Zera who buckle them on.

TEKLA
A force field generator? But why?

Pyrus looks concerned.

PYRUS
You never know what you might run into.

INT. JEWELIA'S STRONGHOLD

CRYOS is bent over schematics of the Prison Planet spread out on a large table. Graveheart enters.

CRYOS
Ah, Graveheart. I convinced one of my former subjects to get me these blueprints. I have been reviewing them and --

Graveheart rests his hands on the edge of the table and looks suddenly very weary and deeply unhappy. Cryos places a sympathetic hand on his shoulder.

CRYOS
It was as she said? There was no sign of Jade or Femur?

GRAVEHEART
None. It must be true, Cryos. If Jade were alive, she'd have found some way to let me know.

Graveheart clenches a fist. His face is fierce. Cryos withdraws his hand and looks at him with worry.

GRAVEHEART (contÕd)
I don't know who this Sternum is, but I swear he's going to pay.

CRYOS
First we must locate the teleport engines. Once we have done so, we will exact whatever vengeance is necessary.

Graveheart scowls.

GRAVEHEART
We need a plan. Jewelia's not going to stay put for long.

Cryos looks sharply at Graveheart.

CRYOS
About Jewelia...ah, is she--?

GRAVEHEART
Recovering. She's tough, I'll give her that.

CRYOS
Indeed. One could say beyond tough.

GRAVEHEART
She's had to fight hard to survive here.

CRYOS
Or is it--

JEWELIA (OS)
(interrupting)
He's right.

Cryos is again frustrated as Jewelia enters and insinuates herself between him and Graveheart.

JEWELIA
You have to be tough to stay alive. The battles, the war, it keeps your heart racing. But once this is over...
(sultry, to Graveheart)
...perhaps we can find another way.

Graveheart manages a small smile.

GRAVEHEART
Perhaps.

Cryos frowns.

INT. THRONE ROOM- PLANET ROCK

Jade, Zera and Tekla enter.

LORD MANTEL
You kept me waiting, Alien. Jade never kept me waiting.

Pyrus flares up.

PYRUS
(angry)
DonÕt talk to us about Jade!

Mantel stands.

LORD MANTEL
Jade understood the true meaning of loyalty. Something you need to better instill in your people, boy.

Pyrus flares up in anger (literally).

PYRUS
Don't tell me how to run my kingdom.

TEKLA
Why did you send for us, Lord Mantel?

LORD MANTEL
To show you what Jade already knew -- that the Alliance can only triumph under my command.

Mantel toys with the crystal around his neck.

LORD MANTEL (contÕd)
You are here to watch me crush the Beast Planet.

Tekla, Zera and Pyrus share a look of total alarm.

FADE OUT.

END ACT ONE

ACT TWO

FADE IN:

EXT. STERNUM'S STRONGHOLD

Sternum, Jade and other Sternum soldiers labor to patch a hole in the wall by hauling large stones to fill it in.

JADE
You work hard. Your men respect that.

STERNUM

As I respect them. We all work hard here...we have to. We depend on one another.

Jade moves to one side and lifts a stone, to discover Femur cowering behind it.

FEMUR
(sotto)
Don't listen to him, toots. Ya can't trust him. He'll stab ya in the gizzard and hang you out to--
(strangling sounds)

Suddenly Sternum is there, holding Femur up by the neck, throttling him.

STERNUM
Push me one more time, little brother, and it will be your last. Now get to work.

Sternum tosses Femur aside, then turns to leave. Femur is left on the ground with bone dogs spinning around his head in classic cartoon fashion.

INT. ROCK - THRONE ROOM

TEKLA
Lord Mantel, nothing has changed in our power or weaponry. How can you destroy the Beast Planet where we could not?

Mantel punches a control in his throne. A curtain rises behind him revealing a holographic projection screen showing Ice and Fire ships destroying Drone ships and driving them away.

LORD MANTEL
Once I restored power to your weapons, your fleets drove back the Drone Armada. Nothing stands in my way now.

PYRUS
ItÕs a trick. They just want to draw us out where weÕll be easier targets.

MANTEL
No, it is because they fear me.

Mantel punches another control to remove the hologram.

LORD MANTEL
I will focus the power of my Battle-Moons against the Beast in one all-out, concentrated attack.

Pyrus can't believe what he's hearing.

TEKLA
You're sending the Battle-Moons?

LORD MANTEL
Even as we speak.

PYRUS
You can't do that! All my people are on those moons!

LORD MANTEL
It is already done.

Pyrus loses it and races up the steps toward Mantel.

PYRUS
AHH, YOU TYRANT!

LORD MANTEL
Guards!

The ROCK GUARDS aim their weapons at Pyrus, blasting at him, forcing him to stop. Mantel smiles coldly down on him.

LORD MANTEL
Your move, boy.

EXT. STERNUM'S STRONGHOLD

Femur spins a coin in his fingers as Jade continues hefting large rocks.

FEMUR
YÕknow, doll, you may not think muchÕa me as an Emperor, but things was really rotten back when Sternum was in charge.

Jade's expression says "yeah, sure."

FEMUR
No, really. He was hard as enamel, vicious as a rabid bloodworm.

DISSOLVE INTO FLASHBACK SCENE: we see Sternum as Emperor, Femur being held by guards. Sternum points and the Guards drag a screaming Femur off (no sound here)This is a classic

silent film type look that runs through the entire flashback. DURING:

FEMUR (VO)
Sternum was worried about me being second in line for the throne, so he was having me carted off to be executed...

INT. BONE PALACE

Femur pulls out a bag of glittering jewels which he dumps into the guards' hands.

FEMUR (VO) (contÕd)
But, lucky for me, my -- ah -- courage won over SternumÕs guards...

INT. BONE THRONE ROOM

Femur and Pelvus stand behind drapery, hidden from view while Sternum sits on the throne. Femur pours a powder into a goblet and hands it to Pelvus.

FEMUR (VO) (contÕd)
We fought a vicious battle, my brother and me, but I finally won.

Pelvus serves the goblet to Sternum who chugs it down. A second later, Sternum collapses. Femur strides up and sits on the throne. He flips a coin to decide SternumÕs fate and has the guards drag Sternum off to prison.

FEMUR (VO) (contÕd)
In a gesture of the great mercy for which IÕm so well known, I spared SternumÕs life and sent him packinÕ here...

DISSOLVE BACK to the stronghold, where Jade continues working as she listens, her face a mask.

FEMUR
I did away with his corrupt regime and replaced it with my own.

JADE
So you say. But people change. Maybe Sternum has, as well.

FEMUR
Oh yeah, fat chance.

JADE

Then explain why you aren't dead.

Jade now has one hole left in the wall...a hole about the size of Femur's butt.

FEMUR
He's just toyin' with me, waitin' 'til I let my guard down.

JADE
(disgusted)
Femur, make yourself useful.

She grabs him and stuffs him, butt-first, to plug the hole. She walks off, leaving Femur struggling, legs in the air.

FEMUR
It's a ploy, I'm tellin' ya. You'll see!

EXT. BEAST PLANET

The remaining Battle-Moons move into position on the hologram behind MantleÕs throne. Their main weapons turn to bear on it in one spot.

INT. ROCK - THRONE ROOM

Mantel punches a control on the throne.

LORD MANTEL
The attack begins...now.

At the bottom of the stairs, Tekla, Zera and Pyrus are held at gunpoint by guards. They share a helpless look.

EXT. BEAST PLANET

The combined power of all the Moons pours into the Beast. Hold on this long enough to establish that not much is happening.

INT. BLOKK'S SHIP

BLOKK
So, Mantel thinks his moons can destroy us? Excellent. Without them, we will crush his world and then the rest!

EXT. ROCK - THE BEAST ARMADA

pours down upon the planet.

EXT. ROCK'S SURFACE

as Drone after Drone is dropped, an all out war is being waged on the people of Rock.

INT. JEWELIA'S STRONGHOLD

Jewelia, Cryos, and Graveheart look over the schematics.

CRYOS
There are service tunnels throughout the complex. We can use one of them to attack from beneath.

JEWELIA
Like Sternum wouldn't notice.

CRYOS
Not if you mount another frontal assault, at the same time, to keep him occupied.

GRAVEHEART
While Cryos and I lead the tunnel attack.

Jewelia lifts and cocks her weapon.

JEWELIA
Good enough. Let's go.

EXT. PLANET ROCK

Drones march and attack. Drone ships swoop and destroy defenses.

INT. PLANET ROCK - THRONE ROOM

The SOUNDS of destruction rock the throne room.

ZERA
It sounds terrible out there!

PYRUS
Lord Mantel, bring back the Battle-Moons, before it's too late!

LORD MANTEL
That is the coward's way, to retreat at the first sign of adversity. We will hold out, until the moons succeed.

TEKLA
Then send for the other fleets!

Mantel pounds his fist on the throne and picks up his club.

LORD MANTEL
Never! I have the strongest planet, the strongest warriors. We will win...or we will die fighting.

Take on the Battle Moons engaged in a pathetic attempt to destroy the Beast Planet.

FADE OUT.

END ACT TWO

ACT THREE

FADE IN:

EXT. STERNUM'S STRONGHOLD

Jewelia looks around at her forces, as flares blast off in the BG.

JEWELIA
You said youÕre willing to die for me... now prove it! Attack!!

As she chops her arm downward, her forces surge forward. Sternum's forces return fire from the hastily repaired walls. The troops run into battle with the chant ÒFor JeweliaÓ.

Jewelia FIRES, blasting snipers off the walls.

JEWELIA
(yelling back)
Bring up the cannon!

Heavy-duty Sonic Cannons roll up.

Sternum and Jade, in full armor, RETURN FIRE from another part of the wall. They cut down soldiers on both sides of Jewelia. Jewelia is stunned, then she slowly smiles. Another soldier takes position beside her.

JEWELIA (contÕd)
It looks like SternumÕs found a new playmate...

INT. PRISON PLANET - SERVICE TUNNEL

The tunnel is blocked with a metal wall. Graveheart, Cryos and their group of soldiers stand before it with a large Sonic Cannon mounted on a Muledozer.

CRYOS
As I suspected, the tunnel has been sealed off.

GRAVEHEART
Nothing this baby can't handle.

The cannon FIRES and metal EXPLODES!

EXT. STERNUM'S STRONGHOLD

Jewelia's sonic cannons BLAST HOLES in the repaired walls. Her forces surge forward.

JEWELIA'S SOLDIERS
For JEWELLLLLLIIIIAAAA!

Sternum and Jade continue FIRING at the invading forces.

Femur cowers behind cover not far from Jade.

FEMUR
If youÕd like, I could -- ah -- check out the rear.

Suddenly, a flashing light and BEEPER draws Sternum's attention to his forearm guard gauntlet (the one containing the teleport controls).

STERNUM
(yelling to Jade)
My underground sensors have been set off! There's a second attack in the tunnels!

JADE
Go! I'll hold them here!

As Sternum starts off, he spots Femur quivering on the ground. He hauls Femur to his feet.

STERNUM
Stop your snivelling. Put aside your cowardly ways and feel the blood rush through your veins.

FEMUR
Hey, better through my veins than on the floor.

Sternum scoops up a fallen weapon and shoves it at Femur.

STERNUM
Cover Jade's back- or answer to me.

FEMUR
No problemo!
(then, turning to Jade)
Hey, I got yer back covered, toots.

JADE
That's a great comfort.

EXT. PLANET ROCK

The devastation continues. Drones march onward. Rock soldiers fall.

INT. BLOKK'S SHIP

BLOKK
Total devastation. It is so...beautiful.

EXT. BEAST PLANET

The Battle-Moons continue to pour concentrated fire, to no effect. The Beast Planet doors open. It doesnÕt look good for the Battle-Moons.

INT. PLANET ROCK - THRONE ROOM

Drones begin marching into the throne room.

LORD MANTEL
Guards! Protect the throne!

The Guards around Tekla, Zera and Pyrus leave them and take up position, FIRING at a squad of Drones as they burst into the room! But more and more keep coming as the throne room has now turned into a battle ground itself.

Tekla, Zera and Pyrus move out of the way of gun fire.

PYRUS
Mantel, send for the moons! It's the only hope we've got!

TEKLA
If they haven't succeeded by now, they never will!

Mantel's finger hovers above the control. He fights with his pride.

LORD MANTEL
No...just a little longer.

Drones take out the guards. Tekla, Zera and Pyrus, with no weapons, hide, helpless.

INT. SERVICE TUNNELS

Graveheart, Cryos and their men enter through the hole they've blasted.

CRYOS
I cannot be sure where the teleport engines are located, but I can make an educated guess.

STERNUM (OS)
That guess is the last you'll ever make.

Sternum and his men block the tunnel.

CRYOS
Sternum! It is you!

STERNUM
Cryos. Slumming it, eh?
(turning to Graveheart)
And you--

Graveheart steps forward.

GRAVEHEART
NameÕs Graveheart.
(he CRACKS his knuckles)
I'm the one who's going to make you wish youÕd never been born.

STERNUM
You want a piece of me -- come get it.

Graveheart charges! Sternum's soldiers and Jewelia's soldiers attack! Cryos FIRES.

Graveheart and Sternum exchange blows in a heated tussle. Graveheart drives Sternum to one side just enough to leave a gap.

GRAVEHEART
Cryos, go! Find the engines!

Cryos slips past and runs off.

Sternum lands a blow on Graveheart, who staggers back. Graveheart in return sideswipes Sternums legs sending him to the ground.

STERNUM
The engines? That's all you care about?

GRAVEHEART
You killed what I care about. And I'm here to take it out of your hide!

Graveheart lunges with a chair and lands a blow that staggers Sternum.

EXT. BEAST PLANET AND BATTLE-MOONS

The battle between the two continues to rage. The Beast Planet brings itÕs guns to bear on the Battle Moons.

EXT. LORD MANTELÕS PALACE

Blokks ship lands near the outside of the throne room.

INT. ROCK - THRONE ROOM

The hologram displays the image of the Beast Planet unleashing full power on the Battle Moons.

LORD MANTEL
No!

The Drones advance on Tekla, Zera and Pyrus, who back up against a wall.

PYRUS
Mantel, if it's the last thing you do, save the moons! Save my people!

Mantel scowls, then jabs savagely at the button. The Battle Moons retreat.

The Drones take aim at Tekla, Zera and Pyrus.

BLOKK (OS)
Drones, stop.

The room goes quiet as Blokk strides into the throne room. He comes up to Tekla, Zera and Pyrus.

BLOKK
I want these fools to live long enough to witness my final victory.

Mantel stands. He pulls a battle mace from the side of the throne.

MANTEL

You will never know victory, so long as I live. Face me in battle, if you dare.

Mantle releases claws from the top of his club as Blokk raises his null-energy "claws".

BLOKK
(laughing)
One touch is all itÕs going to take.

Suddenly, Tekla removes her forcefield generator and tosses it to Mantel.

TEKLA
Lord Mantel, use this! ItÕs a forcefield generator. It will help protect you.

Mantel attaches the generator to his belt and activates the forcefield.

MANTEL
Now, scum, you were saying...?

BLOKK
Oh, yesss. This will be fun.

EXT. STERNUM'S STRONGHOLD

Jade waves to the Sternum's remaining soldiers to follow her toward a fortress-like building.

JADE
Fall back to the central building!

Jade lays down covering fire as soldiers retreat. Femur feels the fire ZINGING way too close for comfort.

FEMUR
That's it! I'm outta here! My backside needs cover more than hers does!

Femur cuts and runs OS. Jade doesn't even realize he's gone as she continues fighting.

ON TOP OF A WALL, Jewelia and one of her soldiers look down upon Jade through a pair of binoculars, who is pinning down Jewelia's other forces. Jade doesn't know Jewelia is above her.

JEWELIA
So, that must be GraveheartÕs precious Jade. She <u>is</u> alive.

Jewelia hefts her weapon and a nasty look crosses her face.

JEWELIA (contÕd)
But not for long.

She aims her weapon at Jade and blasts, just as Jade leaps inside the fortified building. With an angry scowl, Jewelia heads off to rejoin her other forces.

INT. PLANET ROCK - THRONE ROOM

Blokk and Mantel circle one another. Then Mantel rushes forward, bashing at Blokk with the mace.

LORD MANTEL
(battle cry)

Blokk easily knocks the mace aside. He swipes at Mantel with his "claws". Mantel leaps back, barely avoiding them. The crystal around his neck flashes.

Pyrus leans over to Tekla and Zera.

PYRUS
If Blokk wins and gets hold of the data crystal are defenses are useless.

TEKLA
We cannot let that happen...no matter what it costs us.

Blokk slashes at Mantel, taking a few chunks out of his armor. Mantel staggers back, recovers, and launches a flurry of blows with the mace.

Blokk parries the blows with little effort. Then he counter-attacks, driving Mantel back. Mantle musters up enough strength for a heavy blow. Blokk flips over the mace as Mantle is unprepared for the next move. The mace becomes logged in the ground and Blokk busts it in two with a deadly kick. Mantle looks very worried.

BLOKK
You people of Rock think you are so tough. Hah! You are nothing.

Blokk aims a strike at Mantel that Mantel barely ducks, but he is thrown over Blokks shoulder, throwing him to the ground. The data crystal goes skidding along the floor.

BLOKK
And what is this bauble? It will make a nice trophy.

Mantel, barely conscious, sees Blokk reaching for the crystal.
Tekla, Zera and Pyrus watch in horror, preparing to make a suicidal attempt past the Drones. But Tekla halts them.

TEKLA
No. Wait.

With effort, Mantel raises a broken piece of the mace and SMASHES THE CRYSTAL to pieces!

Angry, Blokk picks up Mantle off the ground and holds him in the air like a rag doll. He violently smashes him to the ground.

BLOKK
Enough. This begins to bore me.
Blokk stands over Mantel (who is now OS) and raises his clawed fist. With a sudden vicious movement, he RAMS DOWNWARD OS with the claws, to where Mantel's heart would be.

MANTEL (OS)
(death cry)

Tekla, Zera and Pyrus REACT with horrified disbelief.

Blokk pulls his claws up.

BLOKK
The king is dead.

He raises his arms above his head in triumph.

BLOKK (CONTÕD)
Long live the BEAST!

And, off the smoking ruins of Planet Rock we:

FADE OUT

THE END
